

2021 SUBCONTRACTOR OF THE YEAR

Subcontractors may nominate themselves by selecting three projects, preferably with three different builders, which have been completed within three years of the closing date of the entry. The builder responsible for each project will be contacted by the MBA to provide feedback based on the below criteria:

- Quality of workmanship
- The ability for the subcontractor to meet the construction program
- Technical knowledge
- The ability to comply with WHS Regulations, Australian Standards and regulations
- Communication skills
- Documentation standards
- The ability to comply with environmental regulations and management plan
- Coordination with other trades / team work
- Cost saving initiatives
